LAVENDA OKEY ALELA

IT Specialist | IT Technician | IT Support Professional

P.O. Box 1881, Kisumu, Kenya | +254 768 534 814 | lavenderalela20@gmail.com

PROFESSIONAL SUMMARY

Versatile IT professional with over 2 years of hands-on experience in IT support, system administration, network management, and cloud server migration. Demonstrated success maintaining 99% system uptime across 25 health facilities and leading on-premises to cloud migrations with minimal downtime. Proficient in Ubuntu and Windows environments, EMR systems (OpenMRS/TaifaCare), Tomcat 9, MySQL, and helpdesk operations (Tier 1–2). Adept at end-user training, technical documentation, and cross-functional collaboration. Eager to contribute reliable and scalable IT solutions in a dynamic organization.

CORE COMPETENCIES

IT Support & Helpdesk (Tier 1–2) • Cloud Server Migration (On-Premise to Cloud) • System Administration (Ubuntu, Windows) • EMR Systems (OpenMRS / TaifaCare) • Tomcat 9 & Java Application Management • Network Configuration & Troubleshooting • Database Management (MySQL) • Firewall Basics • Hardware & Software Troubleshooting • End-User Training & Technical Documentation • Bash Scripting • Helpdesk Ticketing Systems

PROFESSIONAL EXPERIENCE

IT Specialist / IT Technician / IT Support *July 2025 – May 2026*

HJFMRI (PEPFAR Program) | Seme Sub-County, Kisumu, Kenya

- Delivered comprehensive IT support and Tier 1–2 helpdesk services across 25 health facilities, including Kombewa, Miranga, Manyuanda, Arito, and Ratta hospitals.
- Led the migration of on-premises servers to cloud infrastructure, ensuring data integrity and minimal service disruption.
- Administered TaifaCare EMR (OpenMRS-based) on Ubuntu servers, including installation, configuration, and ongoing maintenance.
- Managed Tomcat 9 application lifecycles and Java runtime environments to ensure system stability and performance.
- Configured and troubleshot facility networks, including IP addressing, firewall rules, and inter-site connectivity.
- Conducted regular MySQL database audits and resolved data synchronization issues to maintain data integrity.
- Achieved and sustained 99% system uptime through proactive monitoring, preventive maintenance, and rapid incident response.
- Trained healthcare workers and non-technical staff on EMR usage, IT security best practices, and standard operating procedures.

ICT Intern *May 2025 – June 2025*

Kenya Marine and Fisheries Research Institute (KMFRI) | Kisumu, Kenya

- Provided Tier-1 helpdesk support, triaging and resolving hardware and software issues for research staff.
- Logged all technical incidents into the IT tracking system, improving issue resolution visibility and response time.
- Configured user workstations and ensured data accuracy and integrity for research data input operations.

EDUCATION

Bachelor of Business Information Technology (BBIT) *May 2026 – Present*

KCA University, Nairobi, Kenya

Diploma in Business Information Technology

KCA University, Nairobi, Kenya

Kenya Certificate of Secondary Education (KCSE)

St. Mary's Mabera Girls, Migori, Kenya
